Documents cited in the International Search Report:

Claims

Claims

D1: WO 92 09 161 A1 D2: WO 01 15 382 A1

The cited documents represent the general state of the art. The invention defined in claims 1-15 is not disclosed by any of these documents.

The cited prior art does not give any indication that would lead a person skilled in the art to the claimed data network related information-carrying and information-transferring arrangement. Therefore, the claimed invention is not obvious to a person skilled in the art.

Accordingly, the invention defined in claims 1-15 is novel and is considered to involve an inventive step. The invention is industrially applicable.
